## CUSTOMISED ARRAY FURNITURE

**Project** - Stockland Aura - Thrive Nirimba Clubhouse

**Client** - Urbis

**Design** - Surya Graf (2013)

### Context

Street and Garden worked with the Urbis Team to customise the existing S+G 'Array' catalogue range of furniture for the Thrive Nirimba Clubhouse, a resort style community for over 50's, at the Stockland Aura Development located on the Sunshine Coast. S+G contributed several furniture settings to several areas within the extensive Clubhouse, including the Elements Outdoor Kitchen & Bar, Jacques Pickle Ball & Croquet Court, and the Commons Green.

### Opportunities

Street and Garden were grateful for the opportunity to be a part of this project and supply furniture for the enjoyment of the future users of the Aura Community. This project was also seen as a great showcase of the customisable nature of our catalogue ranges to suit any project.

### Considerations

The furniture for the Clubhouse was required to be accessible for all-age users, and have low requirements in terms of maintenance. The Array suite was customised with Armrests, and manufactured at a longer lengths to create large scale banquet-style picnic settings. A composite recycled timber and plastic slat material was also incorporated to reduce the ongoing maintenance required for the furniture.
